Product catalogue and how-to guide

19 PRODUCTS · 5 SECTIONS · HERBACLEAN.COM.TR

Contents

The products are in five sections: Surfaces, Kitchen, Bathroom, Laundry and Shoes. Each product's page says what it is suitable for, where not to use it and how much to use.

01 Surfaces

P. 6–9

Parquet and wood, stone and ceramic, surfaces you touch every day.

■ Wood Cleaner	1000 ml	6
■ Surface Cleanser	1000 ml	7
■ Surface Cleaning Wipes	250 sheets	8

ALSO Surface products compared 9

02 Kitchen

P. 10–16

Dishes by hand and in the dishwasher, hob and oven, pans and kettles.

■ Dish Detergent	500 ml	10
■ Dishwasher Tablet	30 tablets · 540 g	11
■ Degreaser	500 ml	12
■ Foam Hob Cleaner	350 ml	13
■ Kitchen Power	510 g	15

ALSO Kitchen products compared 16

APPENDIX

Choosing a product	4	Safe use	36	Frequently asked questions	37
Product list	38	Imprint	39		

03 Bathroom

P. 17–24

Tiles, toilet and basin.

■ Bathroom Toilet Cleaner	500 ml	18
■ Toilet Cleaner Powder	3 × 100 g	19
■ Concentrated Foam Hand Soap	10 × 15 g	20
■ Foam Hand Soap Dispenser	2 empty bottles	23
■ Toilet Seat Hygiene Spray	70 ml	24

ALSO Bathroom surfaces 17 · Refilling the bottle 22

04 Laundry

P. 25–33

Washing, softness, stains and whites.

■ Laundry Detergent	1000 ml	26
■ Fabric Softener	1000 ml	29
■ Stain Remover	500 ml	30
■ Instant Whitening Spray	150 ml	31
■ Washing Power	510 g	32

05 Shoes

P. 34–35

Caring for leather, fabric and synthetic shoes.

■ Shoe Cleaning Foam with Brush	150 ml	35
---------------------------------	--------	----

Choosing a product

Find the surface or the job; beside it are the right product, how to use it and where not to. More on the product's page.

01 Surfaces

	Parquet, wooden furniture, doors Wood Cleaner 100 ml to 5 L water, no rinsing DO NOT USE Raw or specially finished wood	6		Marble, tiles, ceramics Surface Cleanser 100 ml to 5 L water, no rinsing DO NOT USE Non-washable surfaces, screens	7
	Tables, chairs, door handles Surface Cleaning Wipes Wipe, leave to dry DO NOT USE Hands, face, screens	8			

02 Kitchen

	Dishes washed by hand Dish Detergent 5 ml to 5 L water DO NOT USE In a dishwasher	10		Dishwasher Dishwasher Tablet 1 tablet per wash DO NOT USE Washing up by hand	11
	Grease on hob, oven and hood Degreaser Undiluted; leave for 1-5 min DO NOT USE Aluminium, stainless, painted	12		Hob and oven interior Foam Hob Cleaner Foam on a cold surface, wipe, rinse DO NOT USE Hot surfaces	13
	Pans, kettles, filters Kitchen Power 30 g + 1 L boiled water DO NOT USE Polished, coated surfaces	15			

For a surface not on the list, first check the item's care instructions and the product label; if unsure, test on a small, hidden area.

03 Bathroom

	Basin, shower enclosure, tiles Bathroom Toilet Cleaner Spray; wipe or rinse DO NOT USE Marble, polished surfaces	18		Toilet bowl Toilet Cleaner Powder 1 sachet, 2–3 min DO NOT USE Seat, cistern, drain	19
	Toilet seat Toilet Seat Spray Spray, wipe, dry DO NOT USE Toilet bowl, hands and skin	24		Hands Foam Hand Soap 1 sachet + water, shake for 30 s DO NOT USE Undiluted on skin	20

04 Laundry

	Coloureds and whites Laundry Detergent 50–95 ml in the machine DO NOT USE Unsuitable fabrics	26		Softness Fabric Softener 25 ml for 4–5 kg DO NOT USE Textiles whose label forbids it	29
	Stains on clothes, rugs, sofas Stain Remover Spray the stain, wait, wipe DO NOT USE Textiles not for wet cleaning	30		A small stain in one spot Instant Whitening Spray Spray; wipe after a few minutes DO NOT USE Untested delicate fabrics	31
	Whites Washing Power 1 scoop to 4 L water, up to 40 °C DO NOT USE Coloureds, wool, silk, leather	32			

05 Shoes

	Leather, fabric, synthetic shoes Shoe Cleaning Foam Brush to a foam; wipe with a dry cloth DO NOT USE Suede, nubuck	35

100 *ml of product* + 5 *litres of water*

Wood and

01

WOOD AND PARQUET

Wood Cleaner

A lavender-scented cleaner for parquet, wooden furniture, doors and kitchen cabinets. No rinsing needed.

Too much water can damage wood. Apply the mixture with a well wrung-out cloth or mop; leave no water on the surface.

SUITABLE FOR

Parquet whose care instructions allow damp wiping; wooden furniture, doors and cabinets

DO NOT USE

Raw or specially finished wood not suited to cleaning with water

PRODUCT CARD

1000 ml

SCENT

Lavender

DOSE

100 ml to 5 L water

FORM

Liquid concentrate

surface cleaners

01

One bottle makes ten 5-litre buckets of mixture.

 **STONE, TILE, CERAMIC**

Surface Cleanser

For the daily cleaning of washable hard surfaces such as marble, tiles, ceramics, kitchen worktops and basins. No rinsing needed.

The dose is the same as for Wood Cleaner: 100 ml to 5 litres of water. On special finishes, first test on a small, hidden area.

SUITABLE FOR

Washable marble, tiles and ceramics; suitable worktops and basins

DO NOT USE

Surfaces not suited to cleaning with water; screens and electronics

PRODUCT CARD

1000 ml

DOSE

100 ml to 5 L water

FORM

Liquid concentrate

READY-TO-USE WIPES

Surface Cleaning Wipes

250 ready-to-use wipes in a lidded tub; no water or mixture needed. For tables, chairs, door handles and suitable kitchen or bathroom surfaces.

SUITABLE FOR

Suitable hard surfaces: tables, chairs, door handles, worktops

DO NOT USE

Hands, face and body; screens and delicate finishes not confirmed as suitable

01

Pull out a sheet

Use it straight away.

03

Leave to dry

No rinsing needed.

02

Wipe

Without adding water or soap.

04

Close the lid

So the rest do not dry out.

PRODUCT CARD

Dishes

Dish Detergent for washing up by hand, Dishwasher Tablet for the machine.

02

DISHES BY HAND

Dish Detergent

A lemon-scented concentrated liquid detergent for washing dishes by hand.

5_L 5_{ml}

WATER DISH DETERGENT

Add the detergent to the washing-up water, not to the sponge or straight onto the dishes. 5 ml to 5 litres of water is enough; do not count one pump as 5 ml, measure it.

DO NOT USE

In a dishwasher

PRODUCT CARD		500 ml

Lemon	5 ml to 5 L water	
FORM	Liquid, pump bottle	

DISHES BY MACHINE

Dishwasher Tablet

The pack holds 30 tablets; one tablet goes in the machine's detergent compartment for each wash.

01 Unwrap

Remove the outer protective wrapper.

02 Place it

Put the tablet in the detergent compartment.

03 Check

Look at the salt and rinse aid compartments.

Do not touch an unwrapped tablet with bare hands. The tablet does not replace salt or rinse aid.

DO NOT USE

Washing up by hand

PRODUCT CARD

DOSE

1 tablet = 1 wash

FORM

Tablet

Hob and oven

Degreaser for grease on the hob, oven and extractor hood; Foam Hob Cleaner for cooking residue on the hob and inside the oven. Use both only on a surface that has cooled.

HOB, OVEN, EXTRACTOR HOOD

Degreaser

A lemon-scented spray for grease on suitable hob, oven and extractor hood surfaces. Applied directly, without mixing with water.

01

Spray

Onto a suitable surface that is not hot.

02

Leave it

1–5 minutes, depending on the dirt.

03

Wipe and rinse

Clean with a sponge or brush, then rinse.

DO NOT USE

Aluminium, stainless steel and painted surfaces; hot surfaces

PRODUCT CARD

FORM
Trigger spray

 HOB AND OVEN INTERIOR

Foam Hob Cleaner

A foam for grease and cooking residue on hobs and inside ovens. It can also be used on induction and gas hobs.

01 Let it cool
Do not apply to a hot surface.

02 Spray the foam
Evenly over the surface.

03 Wait
A few minutes.

04 Wipe and rinse
With a damp cloth or sponge.

DO NOT USE

Hot surfaces; eye contact

Wear protective gloves and eye protection.

PRODUCT CARD

350 ml

FORM

Foam spray

Kitchen Power

Kitchen Powder Detergent

A powder detergent for grease, discolouration and limescale build-up on pans, kettles and extractor filters. It works with boiled water.

30_g

ONE SCOOP

1_L

BOILED WATER

2–3_{min}

WAIT

01

Measure

Put 1 scoop (30 g) of Kitchen Power into the item.

02

Add the water

Pour 1 litre of boiled water over it.

03

Leave, then wipe

Leave for 2–3 minutes; clean with a cloth.

04

Rinse

Rinse it with plenty of water.

DO NOT USE

Polished and coated surfaces, including non-stick pans

For kitchen cloths, follow the separate instructions on the pack; for cloths the wait is 5 minutes.

Toilet Seat Hygiene Spray

Do not mix.

Do not mix the bathroom products with each other or with other cleaning products; use each one separately, following its own instructions.

BATHROOM SURFACES

Bathroom Toilet Cleaner

A soap-scented spray for dirt and limescale residue on basins, shower enclosures, baths, tiles and the toilet.

On surfaces

Spray onto a suitable surface; clean by wiping or rinsing.

In the toilet bowl

Apply evenly around the bowl, wait 30 minutes and flush. For heavy limescale, you can leave it overnight.

DO NOT USE

Marble and polished surfaces; tap finishes not known to be compatible

The long wait is for the toilet bowl only.

PRODUCT CARD		500 ml
SCENT	FORM	
Soap	Trigger spray	

TOILET BOWL

Toilet Cleaner Powder

A powder cleaner that works by foaming inside the toilet bowl. The pack has three sachets; one sachet per use, no measuring.

01

Pour

Empty one sachet into the toilet bowl.

02

Wait

Let it foam for 2–3 minutes.

03

Brush

If needed.

NEW · BY THE BASIN

Concentrated Foam Hand Soap

15 g concentrated sachets for filling the foam-pump bottle. The pack has 10 sachets and one bottle: the same bottle is filled ten times.

The formula contains argan oil, jojoba oil and sweet almond oil.

PRODUCT CARD

10 × 15 g

DOSE

1 sachet = 1 bottle

FORM

Concentrate sachets +
bottle

Refilling the bottle

Concentrated Foam Hand Soap is prepared in four steps.

01

Empty the sachet

A whole sachet into an empty bottle.

02

Fill with water

Fill the bottle and refit the pump.

03

Shake

For about 30 seconds.

04

Take the foam

Press the pump; wash your hands with the foam and rinse.

The sachet is a concentrate; do not apply it to the hands undiluted. Avoid contact with the eyes and the eye area.

DO NOT USE

Undiluted on skin; cleaning surfaces, dishes or laundry

EXTRA BOTTLES

Foam Hand Soap Dispenser

2 empty bottles

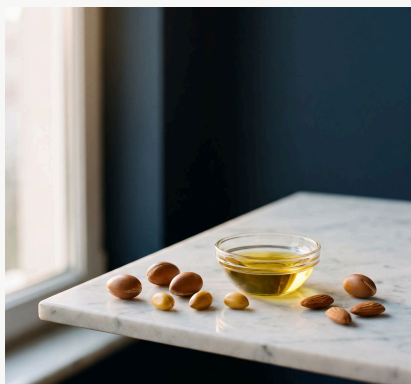

Two empty foam-pump bottles for anyone who wants spares; refill them with Concentrated Foam Hand Soap sachets.

PRODUCT CARD

2 empty bottles

FORM

FORM	Liquid concentrate	Liquid concentrate	Trigger spray	Spray	Powder
DOSE	50–95 ml in the machine	25 ml for 4–5 kg	Directly on the stain	Directly on the stain	1 scoop
WAIT	—	—	A few minutes	A few minutes	Soaking: at most 6 hours
DO NOT USE	Fabrics with an unsuitable care label	Textiles whose label forbids it	Textiles not for wet cleaning	Untested delicate fabrics	Coloureds; wool, silk, leather

Use the products together only as their labels say; do not mix them with other cleaning products.

Hand washing: 10 ml per 10 litres of water.

DO NOT USE

Fabrics with an unsuitable care label

COLOURED AND WHITES

Laundry Detergent

An olive-blossom-scented liquid detergent for coloureds and whites.

Three things decide how many ml to use: the machine's capacity, the water's hardness and how dirty the laundry is. Find your row in the table opposite.

PRODUCT CARD		1000 ml
SCENT	DOSE	
Olive blossom	50–95 ml	
FORM	Liquid concentrate	

Dosage

Machine capacity and water hardness set your row; how dirty the laundry is sets your column.

	LIGHTLY SOILED	NORMALLY SOILED	HEAVILY SOILED
4–5 kg Normal water	 50 ml	 60 ml	 70 ml
4–5 kg Hard water	 60 ml	 70 ml	 80 ml
6 kg and over Normal water	 65 ml	 75 ml	 85 ml
6 kg and over Hard water	 75 ml	 85 ml	 95 ml

1 litre gives 20 washes at a 50 ml dose; a higher dose means fewer washes. Your local water supplier can tell you how hard your water is.

Fabric Softener

A concentrated softener that gives laundry softness and a Soft scent.

DOSE AND WASHES

25 ml		40 washes
40 ml		25 washes
50 ml		20 washes

Calculated as 1000 ml divided by the dose; not a dose recommendation.

DO NOT USE

Textiles whose care label does not allow softener

Soft is a scent name; the product is not unscented.

Unless you know the cap's volume, do not count one cap as 25 ml; measure it.

PRODUCT CARD		1000 ml
SCENT	DOSE	
Soft	25 ml · 4-5 kg	
FORM	Liquid concentrate	

CLOTHES AND HOME TEXTILES

Stain Remover

A spray applied directly to stains on clothes and home textiles, for wiping clean or before machine washing.

- 01

Test
On delicate fabrics, try a hidden corner first.
- 02

Spray
Directly onto the stain.
- 03

Wait
A few minutes.
- 04

Wipe or wash
With a cloth or brush suited to the fabric; if washing, on a programme the care label allows.

SUITABLE FOR

Clothes; rugs and sofas; mattresses, pillowcases, curtains and tablecloths

DO NOT USE

Textiles not suited to wet cleaning; skin and hair

PRODUCT CARD	500 ml
FORM	Trigger spray

SPOT STAINS

Instant Whitening Spray

A spray for small, single-spot stains. Spray, wait a few minutes and wipe with a cloth or brush suited to the fabric. It can also be applied to the stained area of a garment before machine washing. It does not replace your laundry detergent.

PRODUCT CARD	150 ml
FORM	
Spray

 WHITES ONLY

Washing Power

Powder Stain Remover

A powder for stains on white laundry: in the machine with your detergent, or by soaking in water.

4 L

WATER

1 scoop

WASHING POWER

40 °C

MAXIMUM

6 hours

MAXIMUM

In the machine

1 scoop in the detergent drawer, with your usual detergent.

By soaking

Dissolve 1 scoop in 4 litres of water at up to 40 °C, soak the laundry for at most 6 hours, then wash it or rinse with plenty of water.

DO NOT USE

Coloureds; wool, silk and leather, even if white

PRODUCT CARD

510 g

DOSE

1 scoop · 4 L water

FORM

Powder

6 hours is an upper limit, not the time needed. Do not use boiling water. The pack contains 17 washes.

Shoe Cleaning Foam with Brush

Foam for the outer surface of leather, fabric and synthetic shoes. The brush head is on the bottle; no separate brush is needed.

- 01 **Hold upright**
Apply the foam to the shoe or to the brush head.
- 02 **Brush**
With the head, in circular motions.
- 03 **Wipe and dry**
With a dry cloth. No rinsing needed.
- 04 **Clean the head**
Rinse the brush with water when done.

SUITABLE FOR

Leather, fabric and synthetic shoes; bags and wallets of a suitable material

DO NOT USE

Suede and nubuck; finishes not suited to foam cleaning

It is not only for white shoes. On first use, test it on a small, hidden spot.

PRODUCT CARD

150 ml

FORM

Foam with brush head

Safe use

1

Read the label

Before use, read the product label and the care instructions of the item you are cleaning.

3

A small area first

On delicate fabrics and special finishes, start on a hidden corner.

5

Gloves

Wearing gloves is recommended when working with the degreaser, hob cleaner and detergents.

2

Do not mix

Do not mix cleaning products with each other or with other products; use each one separately, following its own instructions.

4

Away from children

Keep products in their own packaging, in a cool, dry place out of the reach of children.

6

If in eyes

Rinse carefully with plenty of water for a few minutes; remove contact lenses if present and easy to do. If needed, see a doctor.

INGREDIENT INFORMATION

Frequently asked questions

What does “concentrated” mean?

A product you use in small amounts with plenty of water. For Wood Cleaner and Surface Cleanser, 100 ml to 5 litres of water is enough; for Dish Detergent, 5 ml to 5 litres. More does not mean better cleaning.

How do Surface Cleanser and Wood Cleaner differ?

Both are used at 100 ml to 5 litres of water; they suit different surfaces. Wood Cleaner is for parquet and wooden furniture and is lavender-scented; Surface Cleanser is for washable hard surfaces such as marble, tiles and ceramics.

Can I use Degreaser on a stainless steel extractor hood?

No. It is not used on aluminium, stainless steel or painted surfaces. A hood's parts may be made of different materials; check the care information for the part you are cleaning.

How many washes is 1 litre of detergent?

20 washes at a 50 ml dose. Depending on machine capacity, water hardness and soiling, the dose can be up to 95 ml, with fewer washes accordingly.

Is the softener unscented?

No. Its scent is described as Soft; it is not unscented or fragrance-free.

Can Washing Power be used on coloureds?

No, it is for whites only. It is not used on wool, silk or leather, even if white; the soaking water should be no more than 40 °C.

Is a bottle included with the foam hand soap?

Yes. The pack has 10 sachets and a foam-pump bottle. For extra bottles, there is also the Dispenser 2-pack.

Can the dish detergent be used in a dishwasher?

No, it is only for washing up by hand. For the machine, use the Dishwasher Tablet.

Can the toilet seat spray be used on hands?

No. It is for the toilet seat and suitable surfaces around it; wash your hands with soap.
